Mrs. Essie Rymer  
1319 Texas Street  
Lake City, Florida

Dear Mrs. Rymer:

Reference to our Confederate Pension Records indicates that under date of August 3, 1959 you filed designation of beneficiary naming, Nita Stapleton, the person to whom you wish any amount of your accrued pension paid in the event of your death.

It has been our experience that in some instances the named beneficiary has pre-deceased the pensioner, and the courts have been required to determine beneficiary to whom any accrual due might be paid.

To bring your file up to date, you will find enclosed form for your use. If you desire to leave your beneficiary designation as indicated above in the first paragraph of this letter, and the beneficiary is still alive, please advise that this is your wishes. If the beneficiary designated has died, or you wish to change the name of your beneficiary, please execute the enclosed form before a Notary Public, indicating the name of the new beneficiary, and return the form to the under-signed.

Your assistance will be appreciated in bringing your record up to date.

Very truly yours,

RAY E. GREEN, COMPTROLLER
